

**Now Enrolling!**

## Kindergarten and Transitional Kindergarten

Courtyard's Transitional Kindergarten (TK) and Kindergarten programs provide a full day of enriching activities that establish a curiosity for learning. Most schools offer half-day programs. The extra hours provide our youngest students more opportunities to gain reading, writing, and math skills, learn art, and have more fun.

## Summer Camp

Courtyard offers a fun-filled, full-day (6:30 a.m. – 6:00 p.m.) summer camp program that encourages kids to learn while they play. To learn more, check our website or call us at (916) 442-5395.

# Courtyard School — A Complete Program

*Courtyard caters to working families by providing a complete educational program available from 6:30 a.m. – 6:00 p.m.*

## A Strong Curriculum

Courtyard School offers an excellent academic program for children in Transitional Kindergarten through 6th grade. Our well-rounded curriculum not only focuses on the basics of reading, writing and math, but also includes Spanish, science, literature, performing and visual arts, and physical education.

## A Network of Educators

Courtyard's dedication to a strong academic foundation is driven and supported by our seasoned faculty, who have the freedom to tailor curriculum to individual student needs. Our core teachers are supplemented by teacher aides who help provide individual attention and support for

our students, and our student aides that run our after school and camp programs. Together, our staff provides a strong network of educators to help our students excel.

## After School Program

Courtyard's after school program offers a variety of activities for our students to support their daily curriculum and, ultimately, capitalize on these key development years for their learning and growth.

Our after school activities begin after study hall. Students then choose among a variety of activities including arts and crafts, computer lab, cooking club, games, and more. In addition, we partner with recreational organizations to provide optional activities, including dance, martial arts, and individualized instruction in music.

## Athletics

and time management. Overall, participation in our athletic program encourages a healthy life style for our students.

Another critical part of our complete program is Courtyard's established athletic program. The students on our athletic teams (the Courtyard Cougars) continue their learning experience by participating in various sports such as basketball and soccer. Our athletic program helps our students develop critical skills, such as team building, sportsmanship,

## Nutritious Meals

Courtyard is proud to provide nutritious meals for breakfast and lunch that are included with tuition.

## A Sense of Community

Key to Courtyard's success is our strong parental support. When children attend Courtyard, they not only attend a school, but more importantly, their family joins a community.

The Courtyard community includes our students, the entire Courtyard faculty and administration, our parents, and our generous sponsors and partners. Together, we strive to provide the academic foundation and learning environment to help our students thrive.
